

EXERCISE 2 – Relative paths

Here is a website folder structure.

YOU JOB: Fill the table with the missing hyperlinks, so that we can create a link from the source page to the destination page.

| SOURCE PAGE | DESTINATION PAGE | HYPERLINK |
|-------------|------------------|--|
| action.html | cinema.html | |
| home.html | songs.html | |
| help.html | action.html | |
| cinema.html | help.html | |
| action.html | home.html | |
| cinema.html | action.html | |
| songs.html | action.html | |
| action.html | songs.html | |
